The Jags Foundation	253	11	264	104	368	114	482 (Elected)
Red And Yellow Society	43 (Eliminated)						

**Notes**

1. The quota to be elected is calculated as the number of ballots cast/2 plus one. As there were 1039 ballots this made the quota 521.
2. If no candidate achieves the quota, the bottom candidate is eliminated and their next preference allocated to the appropriate candidate. This process continues until either a candidate reaches the quota or is the last remaining candidate as in this case.
